**Talk to the hand!**

Think of 12 incredible questions which you would like to ask an astronaut.

Try and use 2 of each of the question stems on the talk to the hand.

![Hand with question stems](image)

**Some examples of questions could be...**

How do you go to toilet in space?

How long do you stay on the ISS for at a time?

What does it feel like being weightless in space and then returning back to Earth’s gravitational pull?

What is the most dangerous thing about being an astronaut?

*Tomorrow’s task will involve trying to find out answers to your favourite three questions. These will then form your own ‘interview with an astronaut’ writing next week. More details will follow...*
